## EXPERIENCE

### Senior Product Manager, Pine Labs

*Mar 2023 - Present*

- Responsible for the merchant onboarding product area and its roadmap
- Cut merchant onboarding drop-off from 41% to 23% by removing two redundant KYC steps
- Improved the onboarding flow based on feedback from the sales team
- Ran 18 merchant interviews to identify why mid-market signups stalled, which redirected the Q3 roadmap
- Worked on the payments retry logic with engineering
- Launched a self-serve settlement dashboard used by 4,200 merchants in the first quarter

### Product Manager, Razorpay

*Jun 2021 - Feb 2023*

- Managed the disputes and chargeback experience
- Shipped an automated evidence-collection flow that reduced manual dispute handling time by 60%
- Helped the engineering team with sprint planning and backlog grooming
- Defined the dispute resolution SLA metric and drove it from 9 days to 4 days
- Presented the quarterly disputes review to the leadership team

### Associate Product Manager, Freshworks

*Jul 2019 - May 2021*

- Assisted with the CRM mobile app release
- Built an internal tool that let support agents resolve tickets without escalating to engineering
- Participated in user research sessions
